

Capture your prospects

Increase the volume of web opt ins and hunt down qualified leads with eHunter, a pop-up window that converts your most engaged website visitors into subscribers. This tool is fully customisable based on parametres you define.

With eHunter, **opt-in volume typically increases 800% to 1,000%.**

SET UP IS SIMPLE

1

Identify your custom targeting parametres (new visitors, referrer, time spent on site, number of pages viewed, etc.)

2

Connect us to your web developer to install a small snippet of code on your website

3

Work with us to define your thank you message on the site and an automated thank you email to your new subscriber

eHunter is powered by HMA[®]
